

Prostroke Ultra Slim Minibar - R65

Flat LED warning lamps with magnet feet that can be mounted on cars and trucks. Bright light and many functions. ECE R65 approved.

New and improved Prostroke Minibar 2.0. Flat LED light bars that can be mounted on many different vehicles and can be connected to both 12V and 24V by the cigar-plug. If desired, the Cigar plug can also be cut off so you can mount fixed power and other buttons.

The LED minibars have 26 different programs, amongst those a running light, that makes the bar look like a rotor beacon.

The LED light bars have a bright light and many programs. The LED light bars are ECE R65 approved and can therefore be used throughout Europe.

The bars are available in 2 different lengths - MB1 is 25cm and MB2 is 36.5cm. They are be mounted with the fixed-mounted magnet feet, or by using the optional brackets and M6 bolts.
