# Eco U LED profile

A classic U-profile in an annodized aluminium with included a plastic front, end plates and mounting clips.

A nice and simple aluminum profile with an arc-front that has an exclusive look. It can easily be assembled and mounted with the included accessories.

The profiles are easily assembled: the SMD tape is taped in the profile, where after the front is put over. The endcaps are screwed on and the mounting clips are screwed in to the wall / roof. The profile is then clicked in to the clips.

The following is included:

- 1 pcs. aluminum-profile, 1m
- 1 pcs. plastic-front, 1m
- 2 pcs. metal endcaps
- 8 pcs. screws for endcaps
- 2 pcs. metal-clips for mounting
