

## Helios MRI6 LED bulb, 6W - 26O Lumen

A high-end MR16 LED bulb with a 6W sharp diode and special halogen optics.

A high-end MR16 LED bulb with a 6W sharp diode and special halogen optics that give a more even light distribution. The sharp diode has a high colour rendering (RA/CRI) and the color of the light is very much like halogen one.

Buy online at: www.matronics.eu/602146

The brightness of the 260 lumens can be converted into <u>35~40 Watt halogen</u>.
