

# 230V Pro LED Driver, 350mA

A professional 230V, a 350mA constant-power supply for high power LEDs.

A professional 230V, a 350mA constant-power supply for high power LEDs.

These 12W and 20W LED drivers have a very wide voltage range and can be used for many different solutions where 350mA constant current is needed.

### Specifications

- Input voltage 190-265V AC
- Output voltage Max 38V
- Number of LEDs 1-9

**2-37V, 12W**  
SKU 130650  
Dimensions: 13 x 128 x 50mm

**2-59V, 20W**  
SKU 130651  
Dimensions: 13 x 128 x 50mm
