

## Alu-profile, Gargano Profile, 18,4x13mm

A beautiful aluminum profile with a surface mounting of a plastic front. The SMD tape is mounted in the rail and the plastic front is clicked in.

A beautiful aluminum profile with a surface mounting of a plastic front. The double-sided SMD tape mounts easily in the rail of the profile and then you click the plastic front into place.

The mounting accessories make it easy for you to get a really nice light.

The plastic front is purchased separately.
