# Zig Zag LED Stripe - 24V - 50cm, Red

A flexible and bendable zig-zag LED stripe for 24V that can also be turned and angled up to 90 degrees. Perfect for places, where normal stripes cannot be used.

A flexible and bendable zig-zag LED stripe for 24V that can also be turned and angled up to 90 degrees. Perfect for places, where normal stripes cannot be used.

The stripe is sold in 50cm intervals and can be delivered in spools up to 5 metres lengths. If you buy 5pcs., you will receive 5 x 50cm, total 250cm. You can then split up the stripe as needed.

Zig-zag strips are perfect for backlighting around edges, as it does not require to be cut, adhered and soldered. You simple bend it around the edge.

The double-adhesive tape makes them easy to mount. At bends, it might be a benefit to add extra glue.
