

Serie 40 - Flat bracket, 6mm

Extra strong brackets for 4040 profiles, milled out of 6mm aluminium, that is anodised. The holes fit M8 bolts.

Extra strong brackets for 4040 profiles, milled out of 6mm aluminium, that is anodised. The holes fit M8 bolts. The different models can be used for various types of joints.

Use washers to prevent scratches in the anodizing.

You usually use t-nuts and bolts, or hammer-bolts and nuts.
