

24W mini LED worklamp, 10-30V

Small and powerful LED working lamp with 2750 raw lumen, that fits perfectly in smaller places like fx your doorstep, or other small places.

Small and compact 24W LED working lamp with 4 powerful Osram LEDs. It fits perfectly in smaller places like fx your doorstep on your truck, bus, or other places where you do not have a lot of space available.

The lamp has a built-in thermo-function that throttles the brightness if the components should overheat. In that way, you get the best possible outcome of high light-output and durability.

The alu-house has a powerful powder-coating and stainless steel bracket. The light color is 5700K and the lens of 90 degrees gives a good diffusion of light, suitable for work and back-up light.

Includes brackets, bolts and nuts for fastening.
