

Soldertin spool holder

Smart and practical solder holder that keeps your workspace tidy and reduces waste. Capacity up to 1 kg, ideal for both hobbyists and professionals.

Smart and practical solder holder that ensures your workspace remains organized and tidy while effectively reducing solder waste.

Fits $\varnothing 0.5$ to 2.0mm solder tin, and with a capacity for a solder roll of up to 1 kg, it is ideal for both hobbyists and professionals who want a reliable and easy-to-use solution.

A ball-bearing in the axle makes the spool turn smooth and easily, and the weight of the base ensures stability on the table.

Adapter for ELSOLD spool (30mm)

A simple set of 3D-printed adapter rings, allowing the use of the spool holder with ELSOLD rolls that have a 30mm inner diameter.
