The lamp is easily mounted on the handlebars with the included rubber-brackets or on the bicycle-helmet with the included helmet-band.

A 230V charger is included, so that you can charge the lamp up for your next bike-trip. The battery is placed in a protective nylon-bag and it is very easy to mount on the handlebar or elsewhere.

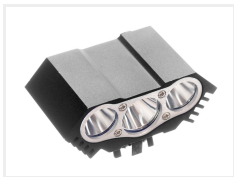

The lamp has 65cm wire, the battery pack has 55cm.

Accessories

With a Y-splitter you can connect two batteries to the same lamp and so to double the running time. The extension cable can be used if you want to keep the batter pack on the back of your bicycle.
