# LED Bicycle Lamp I x Cree T6 with a Zoom, I200 Lumen

A bright LED bicycle lamp with an adjustable zoom. The powerful Cree T6 LED gives you a very bright light - 1200 lumen.

A bright LED bicycle lamp with an adjustable zoom. The powerful Cree T6 LED gives you a very bright light - 1200 lumen. The zoom is changed by simply dialing the red ring.

With the included mounting-accessories you can easily mount it on handlebars or on helmets. The included large battery-pack gives you about 5 hours on 10% brightness. The 230V charger ensures that your battery is charged correctly.

The lamp has a 65cm wire and the battery-pack has 55cm.

#### Accessories

With a Y-splitter you can connect two batteries to the same lamp and so to double the running time. The extension cable can be used if you want to keep the battery pack on the back of your bicycle.
