

DIOSPOT LED Møbelspot - 3W, 2700K

Bright LED armature that can be mounted under furnitures, eg. in the kitchen.
Replace existing halogen armatures. Dimmable.

The LED armature is made of aluminum and it is available in the colors - aluminium and white.

The outer diameter is 68mm. The installation dimensions is 55mm and the depth - 11mm that matches most halogen furniture spot. This makes it possible to replace a 10W or 20W halogen spot directly with this LED luminaire. However, a requirement in most cases is a replacement of the transformer.

Dimmable with standard PWM dimming

There is a 2-metres wire on each lamp.

A mounting ring is also available in white and aluminium, as it is a complete transformer set with connectors for maximum 5 spots.
