If you want to use these in the corners, you will have to use the original wedged rubber bases.

### Dual color models

Dual color corner-lamps change between yellow and white light, by swapping plus and minus. This requires changing the original wiring, and is controlled with a [color changer controller](#) or a 2-pole switch.

### Extra neon lamps

[The Neon lamps can also be bought seperatly](#), if you wish to use them elsewhere on the truck.
