

# Superseal Crimp Tool in a Large Assortment Box

Crimp tool and 2 set jaws, as well as Superseal parts for 1 to 6 pin connectors, both male and female. 339 parts.

In the assortment box, there is a crimp tool and 2 set jaws, as well as Superseal parts for 1 to 6 pin connectors, both male and female.

The crimp tool and the two jaw sets are very high quality, which you can clearly feel when using them. The jaws / inserts are easily mounted and removed from the tool, because of the smart click-system, that is typically only seen in more expensive tools.

The box is made of sturdy plastic with simple slide-locks.

The 339 parts are distributed out like this:

- 1 x Crimp tool
- 1 x H2 jaws
- 1 x H3 jaws

- 3 x 4-pole Female-plug
- 2 x 5-pole Male-plug
- 2 x 5-pole Female-plug
- 2 x 6-pole Male-plug
- 2 x 6-pole Female-plug

## Crimp-dimensions

The two jaws fit two different cable-dimensions, so to get the perfect crimp you need to use the right ones. The dimensions are in cross-sectional area and in an US targets.

H2 jaws:

0.35 to 0.5mm - AWG 22-20

1.5mm - AWG 16

H3 jaws:

0.75mm<sup>2</sup> - AWG18

1.00mm<sup>2</sup> - AWG17
