All models are cut in 1-meter lengths.

## Product overview

### 3.2mm x 1m

SKU 505090  
Diameter before shrinking: 3.2mm  
Diameter after shrinking: 1.6mm  
Material: Polyolefine  
Shrinking temperature: 90 degrees  
Wall thickness (before/after): 0.20 / 0.38mm

### 4.8mm x 1m

SKU 505091  
Diameter before shrinking: 4.8mm  
Diameter after shrinking: 2.4mm  
Material: Polyolefine  
Shrinking temperature: 90 degrees  
Wall thickness (before/after): 0.23 / 0.45mm

### 6.4mm x 1m

SKU 505092  
Diameter before shrinking: 6.4mm  
Diameter after shrinking: 3.2mm  
Material: Polyolefine  
Shrinking temperature: 90 degrees  
Wall thickness (before/after): 0.25 / 0.50mm

### 9.5mm x 1m

SKU 505093  
Diameter before shrinking: 9.5mm  
Diameter after shrinking: 4.5mm  
Material: Polyolefine  
Shrinking temperature: 90 degrees  
Wall thickness (before/after): 0.30 / 0.60mm

### 12.7mm x 1m

SKU 505094  
Diameter before shrinking: 12.7mm  
Diameter after shrinking: 6mm  
Material: Polyolefine  
Shrinking temperature: 90 degrees  
Wall thickness (before/after): 0.30 / 0.60mm
