

ATP connector with cable - 2 poles

The waterproof ATP connectors are read to use with 30 or 300cm cable. Typically used where there is a high current.

The waterproof ATP connectors are read to use with 30 or 300cm cable. They are typically used where there is a high current, eg. large LED bars. The plugs are intended for use on cars and trucks, 12V and 24V.

Max current is 25A for ATP connectors.
