

V-Slot - Profile - 40x80 (C-beam)

Very sturdy V-slot profile, primarily intended for larger machines requiring high stiffness, eg. CNC mills.

Very sturdy V-slot profile, typically called C-beam, primarily intended for larger machines requiring high stiffness, eg. CNC mills.

It is possible to have V-wheels on the inside of the C-profile, but also on the outside.

The holes in the end of the profile are $\text{\O}4.7\text{mm}$. Typically it is necessary to drill up to 5mm so you can make M6 thread
