

T-track guide-rail system - Tilttable end stop for fence profile

Adjustable endstop for the fence profile, with locking handle. Marker for reading measuring tape.

Adjustable endstop for the fence profile, with locking handle. The endstop can be tilted up and down depending on need.

When you have measuring tape mounted on the profile, a marker makes it easy to read the value. The marker can be adjusted for precise measurement.

The endstop is made from anodized aluminium.
